Steve and Jorine,

Tom Cota requested the following email message be forwarded to you.

DTSC is in the process of finalizing a draft Malibu High School Site Community Survey and cover letter. We will forward draft documents to you for review/comment. Thank you, Maria

Subject: RE: ENVIRON Survey for SMMUSD - Building Materials

Hi Carol, as we discussed this morning I am concerned with Environ's drafted community survey. The EPA survey and cover letter as drafted by Environ is similar in format/question types uses in DTSC's public participation (see attachments). As you know DTSC is planning to conduct a community survey that will enable DTSC to assess the community concerns and communication needs. Sending out two similar surveys may be confusing to the community.

I have placed a call into Steve Armann to discuss EPA's building survey needs.

I look forward to discussing this with you further.

Tom

Hi Marina,

Attached is the cover letter and survey mentioned in Carol's email. The cover letter was developed from source materials on the District's website (citations provided). To meet the extension date given to us by USEPA, we do have to send this out tomorrow so hopefully DTSC can provide any comments by the end of today?

Regards
Doug

Hi Carol,
Monday was a state holiday so, we are just getting back today. Do you have a copy of the survey and letter you can provide for our review?
Thanks,
Marina

Importance: High

We have completed our cover letter and form for the survey and anticipate sending it out to parents/school employees tomorrow. We reviewed it with the District this morning. During our call, Sandy Lyon mentioned that DTSC wanted to review the survey before ENVIRON sent it out. I left all of you voicemails in the last 15 minutes. I'm now emailing to confirm that you do want to review the cover letter and survey form, and to confirm the timing of your review. Once you get back to me in the affirmative, I can email the survey form and cover letter, or I can set up a WebEx and we can review it over the phone/WebEx. Please let me know asap how you would like to proceed. Thanks!
